

TEMPLATE FOR THE DECLARATION OF CONFORMITY TO COMPLY WITH:

DIRECTIVE 2000/9/EC
RELATING TO CABLEWAY
INSTALLATIONS DESIGNED
TO CARRY PERSONS

INSTRKTIV

USER INSTRUCTIONS

Important information before using your template

Thanks for your interest in INSTRKTIV's Declaration of Conformity Template Method. We at INSTRKTIV help our clients create compliant and user-friendly user instructions (user manuals, online help, operating instructions etc). The nature of our work means that we are often involved in the CE marking process, risk analysis, technical files and also in compiling declarations of conformity.

I hope that the Declaration of Conformity Template Method will be useful to you. If so, I would appreciate you making a comment on our website or social media share. Do give us a call if we can help you create compliant and user-friendly user instructions.

A few points to keep in mind:

- ✓ Read through and make sure you understand the [full post](#) and the relevant directives before simply using the template(s).
- ✓ As well as the specific requirements on the content, the relevant directives also give requirements whether to [translate](#) the declaration of conformity or not, to deliver the declaration of conformity with the product (or to keep in the technical file only), or to draw up a single declaration of conformity for all applicable directives. Read through and ensure you understand all relevant directives for more information. My [blog post](#) tells you how to search for the relevant articles in the directives.

Best regards,
Ferry Vermeulen, director at [INSTRKTIV](#)

Contents of the declaration of conformity

ANNEX IV SAFETY COMPONENTS: EC DECLARATION OF CONFORMITY

The EC declaration of conformity and the accompanying documentation must be dated and signed. It must be drawn up in the same language or languages as the instruction manual referred to in point 7.1.1 of Annex II.

The declaration must state the following particulars:

- the references of this Directive,
- name, business name and full address of the manufacturer or his authorised representative established in the Community. An authorised representative must also give the name, business name and full address of the manufacturer,
- description of the component (make, type, etc.),
- details of the conformity declaration procedure used (Article 7 of this Directive),
- all relevant provisions with which the component must comply and, in particular, the conditions of use,
- the name and address of any body notified, involved in the conformity procedure and the date of the EC examination certificate with details, where appropriate, of the duration and conditions of validity of the certificate,
- where appropriate, the reference of the harmonised standards applicable,
- identification of the person empowered to sign on behalf of the manufacturer or his authorised representative established in the Community.

ANNEX IV SAFETY COMPONENTS: EC DECLARATION OF CONFORMITY

This Annex applies to the subsystems referred to in Article 9 of this Directive in order to ensure that they fulfil the essential requirements concerning them referred to in Article 3(1) of this Directive.

The EC declaration of conformity must be drawn up by the manufacturer, or his authorised representative established in the Community, or, where such a person is not available, any natural or legal person, who places the subsystem on the market; the declaration and the accompanying technical documentation must be dated and signed.

This EC declaration of conformity and the technical documentation must be drawn up in the same language or languages as the instruction manual, referred to in point 7.1.1 of Annex II and must contain the following information:

- the reference of this Directive,
- the name and address of the person who ordered EC examination,
- a description of the subsystem,
- the name and address of the notified body which carried out the EC examination, referred to in Article 11 of this Directive,
- all relevant provisions with which the subsystem must comply, in particular any operating restrictions or operating conditions,
- the outcome of EC examination referred to in Annex VII (EC conformity certificate),
- particulars of the person who is authorised to sign a legally binding declaration for the manufacturer, or his authorised representative or, where such a person is not available, the natural or legal person, who places the subsystem on the market.

Template for subsystem of cableway installations

Supplier's declaration of conformity (DoC) on subsystems of cableway installations

Unique identification number of this DoC: XXXXX

We:

Business name:

Address:

Country:

declare under our sole responsibility

that we ordered EC examination for the subsystem:

Subsystem name:

Description:

Type or model:

Relevant supplementary information (e.g. process, management system, quality system):

that the following Notified Body performed the EC examination:

Notified Body name:

Address:

Country:

Identification number:

Description of intervention:

that the subsystem must comply with the following relevant provisions and conditions to use:

.....
.....
.....

that the outcome of the EC examination is:

.....
.....
.....

Place and date of issue (of this DoC):

.....

Signed by or for the manufacturer:

.....

Name:

Title:

Note: In 2014, the European Commission adopted a [proposal for a Regulation on cableway installations](#) intended to replace Directive 2000/9/EC. The proposal intends to align the legal framework to the “goods package” adopted in 2008 and in particular to the NLF Decision No 768/2008/EC. It should also address some difficulties that have been experienced in the implementation of the Cableways Directive by enhancing legal clarity about certain provisions.
