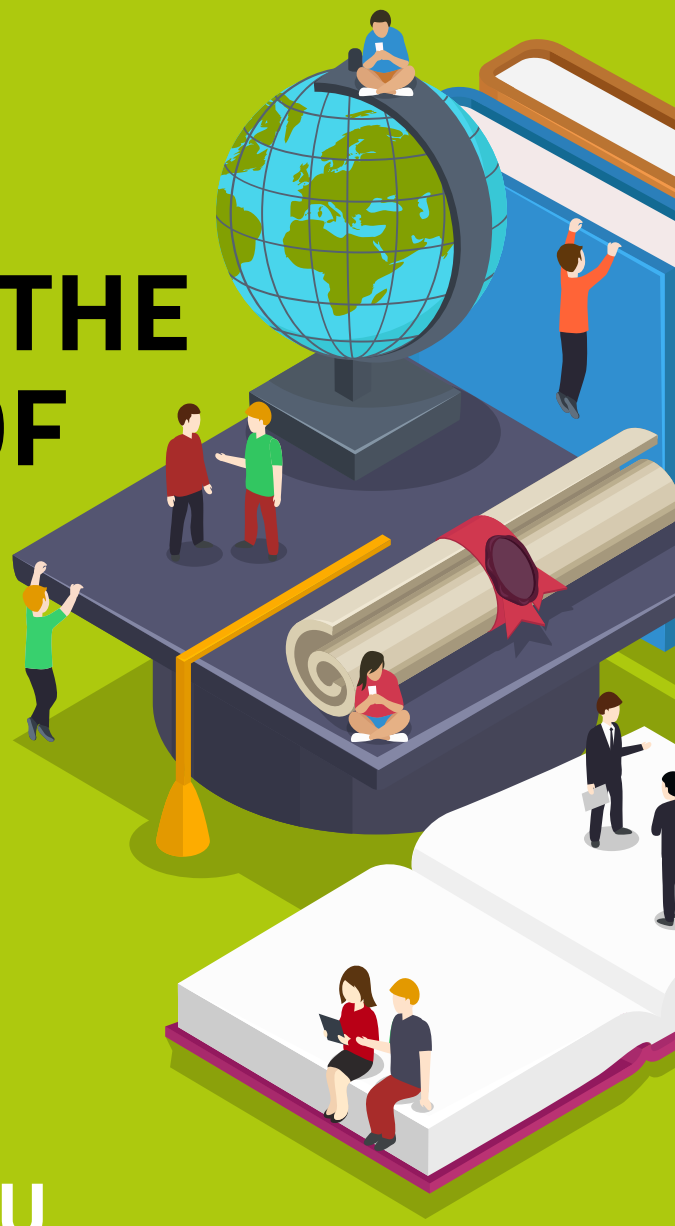
TEMPLATE FOR THE DECLARATION OF CONFORMITY TO COMPLY WITH:



DIRECTIVE 2014/29/EU ON SIMPLE PRESSURE VESSELS

INSTRKTIV

USER INSTRUCTIONS

Important information before using your template

Thanks for your interest in INSTRKTIV's Declaration of Conformity Template Method. We at INSTRKTIV help our clients create compliant and user-friendly user instructions (user manuals, online help, operating instructions etc). The nature of our work means that we are often involved in the CE marking process, risk analysis, technical files and also in compiling declarations of conformity.

I hope that the Declaration of Conformity Template Method will be useful to you. If so, I would appreciate you making a comment on our website or social media share. Do give us a call if we can help you create compliant and user-friendly user instructions.

A few points to keep in mind:

- Read through and make sure you understand the **full post** and the relevant directives before simply using the template(s).
- As well as the specific requirements on the content, the relevant directives also give requirements whether to **translate** the declaration of conformity or not, to deliver the declaration of conformity with the product (or to keep in the technical file only), or to draw up a single declaration of conformity for all applicable directives. Read through and ensure you understand all relevant directives for more information. My **blog post** tells you how to search for the relevant articles in the directives.

Best regards,
Ferry Vermeulen, director at **INSTRKTIV**

1. Contents of the declaration of conformity

The EC declaration of conformity must contain the following elements:

1. Vessel/vessel model (product, type, batch or serial number):
2. Name and address of the manufacturer and, where applicable, his authorised representative:
3. This declaration of conformity is issued under the sole responsibility of the manufacturer.
4. Object of the declaration (identification of the vessel allowing traceability; it may, where necessary for the identification of the vessel, include an image):
5. The object of the declaration described above is in conformity with the relevant Union harmonisation legislation:
6. References to the relevant harmonised standards used or references to the other technical specifications in relation to which conformity is declared:
7. The notified body … (name, number) performed … (description of intervention) and issued the certificate:
8. Additional information:
   Signed for and on behalf of:
   (place and date of issue):
   (name, function) (signature):

2. Template of form of declaration of conformity

We (manufacturer or authorised representative):

Business name: .....

Address: .....

Country: .....

declare under our sole responsibility for the object:

Object name: .....

Type or model: .....

Batch, or serial number: .....
